

Fee payment policies

Indiana University-Purdue University Columbus (IUPUC) policy requires that you make timely payment for all charges owed to Indiana University, including, but not limited to: tuition, fees, library fines, and parking fines.

Failure to make payment on time may result in additional charges. Any payment due that is not received by the due date is subject to a late payment fee. Timely payment of your account with approved financial aid, personal check (unless restricted), credit card, or cash will ensure that you avoid the late fee assessment and keep your account in good standing.

In addition to monthly late fees, the university reserves the right to restrict services, terminate enrollments, contract outside collection agencies, and pursue legal action in the collection of any past due debt at the expense of the debtor.

Cancellation of classes for nonpayment

There will be no cancellation of classes for nonpayment. If you do not plan to attend classes, you must withdraw before the end of the 100 percent refund period. If you do not withdraw, you are responsible for all tuition and fees or any forfeited fees incurred after the 100 percent refund period.

Personal deferment plans

Students who register before the first billing of a semester may qualify for our Pay-4 Plan. The deferment payment amount will include 100 percent of any prior semester or past due charges and approximately 25 percent of any unpaid charges for the current semester. This plan allows you to pay your semester tuition in four equal payments.

- If you are eligible for this plan, the deferment payment will be calculated and clearly indicated on the first bill of each term. If you pay this deferment amount, you will automatically be recorded as a participant with the payment plan. A service charge of \$15 is included in the deferment payment.
- You may be denied this payment plan option if late payments are received after the payment due date (the third Wednesday of the month in which the bill is sent).
- The second payment will be due as billed. The balance on the account may be paid in full or paid in three additional payments. The deferment payment will be listed on the statement and a \$15 service charge will be included.
- The third payment will be due as billed. The third payment may be paid in full or in two additional payments. The deferment payment will be listed on the statement and a \$15 service charge will be included in the deferment payment.
- The fourth payment will be due as billed.

In order to be enrolled in the deferment payment plan option, you must pay **exactly** the deferment payment amount listed on the billing statement. Paying less or more than this amount will cause you to be ineligible for the deferment payment plan option.

Financial aid credits, fee remissions, sponsor authorizations, etc., are already taken into consideration when determining the minimum payments.
