

MINOR IN BUSINESS

15 credit hours

The curriculum below is designed to provide students who are not majoring in business an overview of the business management concepts and tools that will be valuable in pursuit of a variety of professional careers. Whether you intend to work in a non-profit environment, or manage a professional practice or small business, the minor in business will help develop basic decision-making skills and critical thinking that will complement your academic studies in other disciplines.

To obtain the minor in business:

1. Submit a completed Minor in Business Declaration form to the Division of Business.
2. Complete all of the requirements below with a C- or higher.
3. Complete at least 12 credit hours of the minor through IUPUC.
